ATG13 Human Recombinant Protein

PRODUCT OVERVIEW

Product Name	ATG13, Recombinant Protein
Full Product Name	Recombinant Human ATG13 Protein, N-His
Product Gene Name	ATG13 recombinant protein
Product Synonym Names	ATG13; KIAA0652; Autophagy-related protein 13
Host	E coli
Form/Format	Lyophilized from a solution in PBS pH7.4, 0.02% NLS, 1mM EDTA, 4% Trehalose, 1% Mannitol.
Purity/Purification	>90% as determined by SDS-PAGE
Preparation and Storage	Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 degree C for one week. Store at -20 degree C for twelve months from the date of receipt.
Molecular Weight	517
Sequence Positions	Asp57-Arg190
OMIM	615088
3D Structure	ModBase 3D Structure for O75143
Species	Human
Reconstitution	Reconstitute in sterile water for a stock solution.
Product Categories/Family for ATG13 recombinant protein	Recombinant Proteins
ISO Certification	Manufactured in an ISO 9001:2015 Certified Laboratory.
Applications Tested/Suitable for ATG13 recombinant protein	SDS-PAGE (SDS), Western Blot (WB), ELISA (EIA), Immunogen
Related Product Information for ATG13 recombinant protein	MBS1578832 is a recombinant protein targeting ATG13. Also known as Recombinant Human ATG13 Protein, N-His. Host: E coli.
Other Notes	Small volumes of ATG13 recombinant protein vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

SDS-Page of ATG13 recombinant protein
SDS-PAGE for Recombinant Human ATG13 protein

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for ATG13. It may not necessarily be applicable to this product.

NCBI GI #	20140441
NCBI GeneID	9776
NCBI Accession #	O75143.1
UniProt Primary Accession #	O75143
UniProt Secondary Accession #	Q53EN6; Q9BRL3; Q9H8B0; B4DFI4; D3DQQ1; D3DQQ2; E9PQZ8
UniProt Related Accession #	O75143
NCBI Official Full Name	Autophagy-related protein 13
NCBI Official Synonym Full Names	autophagy related 13
NCBI Official Symbol	ATG13
NCBI Official Synonym Symbols	KIAA0652; PARATARG8
UniProt Protein Name	Autophagy-related protein 13
Protein Family	Autophagy protein
UniProt Gene Name	ATG13
UniProt Synonym Gene Names	KIAA0652
UniProt Entry Name	ATG13_HUMAN
NCBI Protein Information	autophagy-related protein 13; ATG13 autophagy related 13 homolog

UniProt Comments for ATG13	ATG13: an autophagy factor required for autophagosome formation. Target of the TOR kinase signaling pathway that regulates autophagy through the control of the phosphorylation status of ATG13 and ULK1, and the regulation of the ATG13-ULK1-RB1CC1 complex. Under starvation conditions, is localized to puncate structures primarily representing the isolation membrane; the isolation membrane sequesters a portion of the cytoplasm resulting in autophagosome formation. Phosphorylated by ULK1 and ULK2. Phosphorylation status depends on nutrient-rich conditions; dephosphorylated during starvation or following treatment with rapamycin. Part of a complex consisting of ATG13, ULK1 and RB1CC1. Interacts with ATG101. Interacts with ULK1 and -2 via C-terminus. Three isoforms of the human protein are produced by alternative splicing. Protein type: Vesicle; Autophagy Chromosomal Location of Human Ortholog: 11p11.2 Cellular Component: mitochondrion; cytosol Molecular Function: protein binding; protein kinase binding Biological Process: autophagic vacuole formation
Research Articles on ATG13	**1.** Specific affinity of the LC3 isoforms to the Atg13 LC3-interacting region is required for proper autophagosome formation.
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
