Alpha Chain (IgA) Secondary Antibody – Goat Polyclonal

PRODUCT OVERVIEW

Product Name	IgA Alpha Chain, Secondary Antibody
Full Product Name	Goat Anti-Human IgA Alpha Chain Antibody
Product Gene Name	IgA secondary antibody
Product Synonym Names	Anti-Human IgA, Alpha Chain Specific
Clonality	Polyclonal
Host	Goat
Specificity	By immunoelectrophoresis and ELISA this antibody reacts specifically with human IgA. Cross-reactivity with IgG, IgM and light chains is less than 0.1%. This antibody may cross-react with IgA from other species.
Preparation and Storage	Store at 2-8 degree C. Shelf life is one (1) year from date of receipt.
Antigen	Human IgG Fc fragment.
Product Categories/Family for IgA secondary antibody	Secondary Antibodies
Applications Tested/Suitable for IgA secondary antibody	ELISA (EIA), Western Blot (WB), Immunohistochemistry (IHC), Immunocytochemistry (ICC)
Application Notes for IgA secondary antibody	ELISA: 1:1,000-1:30,000 Western Blot: 1:1,000-1:30,000 Immunohistochemistry: 1:200-1:2,000 Immunocytochemistry: 1:200-1:2,000.
Related Product Information for IgA secondary antibody	MBS198091 is a secondary antibody targeting IgA. Also known as Goat Anti-Human IgA Alpha Chain Antibody. Host: Goat.
Other Notes	Small volumes of IgA secondary antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for IgA. It may not necessarily be applicable to this product.

Protein Family	IgA-specific serine endopeptidase autotransporter
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.

Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
