Ddimer (D2D) Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	DDimer (D2D), Polyclonal Antibody
Full Product Name	Cy3 Linked Polyclonal Antibody to DDimer (D2D)
Product Gene Name	anti-D2D antibody
Product Synonym Names	D2D/DDimer; D 2 Dimer
Clonality	Polyclonal
Host	Rabbit
Species Reactivity	Human, Simian
Form/Format	Liquid; PBS, pH7.4, containing 0.02% NaN3, 50% glycerol.
Purity/Purification	Affinity Chromatography
Concentration	>=0.5mg/mL (Please refer to the vial label for the specific concentration.) (lot specific)
Specificity	The antibody is a rabbit polyclonal antibody raised against D2D. It has been selected for its ability to recognize D2D in immunohistochemical staining and western blotting.
Preparation and Storage	Store at 2 degree C to 8 degree C for frequent use, 20 degree C for 24 months The thermal stability is described by the loss rate. The loss rate was determined by accelerated thermal degradation test, that is, incubate the protein at 37 degree C for 48h, and no obvious degradation and precipitation were observed. The loss rate is less than 5% within the expiration date under appropriate storage condition.
Matching Pairs	Unconjugated Antibody: D2D (MBS2139492) Cy3 Conjugated Antibody: D2D (MBS2129720)
Supply Chain Verification	Manufactured in a lab with traceable raw materials. Bulk orders can typically be prepared to the customer's specifications, please inquire.
Conjugation	Cy3
Product Categories/Family for anti-D2D antibody	Hematology; Cardiovascular biology; Primary, Cy10606 labeled
ISO Certification	Manufactured in an ISO 9001:2015 and ISO 13485:2016 Certified Laboratory.
Applications Tested/Suitable for anti-D2D antibody	Western Blot (WB), Immunohistochemistry (IHC), Immunocytochemistry (ICC), Immunoprecipitation (IP)
Application Notes for anti-D2D antibody	WB: 0.22ug/mL; 1:2502500 IHC: 520ug/mL; 1:25100 ICC: 520ug/mL; 1:25100
Related Product Information for anti-D2D antibody	MBS2129720 is an antibody targeting D2D. Also known as Cy3 Linked Polyclonal Antibody to DDimer (D2D). Reactive in Human, Simian. Host: Rabbit.
Other Notes	Small volumes of anti-D2D antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
