Hemoglobin Variant E Human Recombinant Protein

PRODUCT OVERVIEW

Product Name	hemoglobin variant E, Recombinant Protein
Full Product Name	Human hemoglobin variant E
Host	E coli
Form/Format	Purified, Liquid 0.1% ProClin300 Tris-buffered saline, pH 8.0
Purity/Purification	> 90% pure by SDS-PAGE Ligand affinity chromatography
Preparation and Storage	Upon receipt, quick spin before open vial, aliquot and store at <=-20 degree C. Avoid multiple freeze/thaw cycles
Molecular Weight	33.1kDa
Product Categories/Family for hemoglobin variant E recombinant protein	Other recombinant antigens ; Hemoglobin
Applications Tested/Suitable for hemoglobin variant E recombinant protein	ELISA (EIA), Chemiluminescence Immunoassay (CLIA), Lateral Flow (LF) , Western Blot (WB), and other immunological tests
Application Notes for hemoglobin variant E recombinant protein	It is recognized by anti-human hemoglobin variant E antibodies in ELISA tests.
Related Product Information for hemoglobin variant E recombinant protein	This recombinant protein contains immunodominant regions of human hemoglobin variant E protein
Other Notes	Small volumes of hemoglobin variant E recombinant protein vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for hemoglobin variant E purchase	MBS3040011 is a recombinant protein targeting hemoglobin variant E. Also known as Human hemoglobin variant E. Host: E coli.

SDS-Page of hemoglobin variant E recombinant protein

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
