SSX5 Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	SSX5, Polyclonal Antibody
Full Product Name	SSX5 antibody - C-terminal region
Product Gene Name	anti-SSX5 antibody
Product Synonym Gene Name	MGC9494
Immunogen Sequence	Synthetic peptide located within the following region: EGNDSKGVPE ASGPQNNGKQ LRPSGKLNTS EKVNKTSGPK RGKHAWTHRV
Clonality	Polyclonal
Host	Rabbit
Species Reactivity	Human
Form/Format	Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.
Purity/Purification	Affinity Purified
Preparation and Storage	For short term use, store at 2-8 degree C up to 1 week. For long term storage, store at -20 degree C in small aliquots to prevent freeze-thaw cycles.
Antibody/Peptide Pairs	SSX5 peptide (MBS3229613) is used for blocking the activity of SSX5 antibody (MBS3204646)
Molecular Weight	22kDa
OMIM	U90842 mRNA
3D Structure	ModBase 3D Structure for O60225
Homology	Human: 100%
Product Categories/Family for anti-SSX5 antibody	Polyclonal; Transcription Factor; Transcription Regulation; Cell Biology; Signal Transduction; Transcription Factors
Applications Tested/Suitable for anti-SSX5 antibody	Western Blot (WB)
Related Product Information for anti-SSX5 antibody	This is a rabbit polyclonal antibody against SSX5. It was validated on Western Blot Target Description: SSX5 belongs to the family of highly homologous synovial sarcoma X (SSX) breakpoint proteins. These proteins may function as transcriptional repressors. They are also capable of eliciting spontaneously humoral and cellular immune responses in cancer patients, and are potentially useful targets in cancer vaccine-based immunotherapy. SSX1, SSX2 and SSX4 genes have been involved in the t(X;18) translocation characteristically found in all synovial sarcomas. The gene encoding SSX5 appears not to be involved in this type of chromosome translocation.
Other Notes	Small volumes of anti-SSX5 antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for SSX5 purchase	MBS3204646 is an antibody targeting SSX5. Also known as SSX5 antibody - C-terminal region. Reactive in Human. Host: Rabbit.

Western Blot (WB) of anti-SSX5 antibody
WB Suggested Anti-SSX5 AntibodyTitration: 1.0 ug/mlPositive Control: Jurkat Whole Cell

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for SSX5. It may not necessarily be applicable to this product.

NCBI GI #	28559015
NCBI GeneID	6758
NCBI Accession #	NP_783729
UniProt Primary Accession #	O60225
UniProt Related Accession #	O60225
GenBank Nucleotide #	NM_175723
NCBI Official Full Name	protein SSX5 isoform a
NCBI Official Synonym Full Names	SSX family member 5
NCBI Official Symbol	SSX5
UniProt Protein Name	Protein SSX5
Protein Family	Protein
UniProt Gene Name	SSX5
NCBI Protein Information	protein SSX5
NCBI Summary for SSX5	The product of this gene belongs to the family of highly homologous synovial sarcoma X (SSX) breakpoint proteins. These proteins may function as transcriptional repressors. They are also capable of eliciting spontaneous humoral and cellular immune responses in cancer patients, and are potentially useful targets in cancer vaccine-based immunotherapy. While some of the related SSX genes are involved in t(X;18)(p11.2;q11.2) translocations that are characteristically found in all synovial sarcomas, this gene does not appear to be involved in such translocations. Two transcript variants encoding distinct isoforms have been identified for this gene. [provided by RefSeq, Jul 2013]
UniProt Comments for SSX5	Ssxb8: Could act as a modulator of transcription. Belongs to the SSX family. 2 isoforms of the human protein are produced by alternative splicing. Protein type: Cancer Testis Antigen (CTA) Chromosomal Location of Human Ortholog: Xp11.23 Cellular Component: nucleus Molecular Function: nucleic acid binding; protein binding; transcription corepressor activity Biological Process: regulation of transcription, DNA-templated; transcription, DNA-dependent
Research Articles on SSX5	**1.** Two kinds of cancer-testis antigen, SSX-2 and SSX-5 showed high-specific and high-frequent expression in hepatocellular carcinoma tissues, but neither of them could be detected in adjacent non-HCC tissues.

Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
