MRPS15 Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	MRPS15, Polyclonal Antibody
Full Product Name	MRPS15 antibody - N-terminal region
Product Gene Name	anti-MRPS15 antibody
Product Synonym Gene Name	DC37; FLJ11564; MPR-S15; RPMS15; S15mt
Immunogen Sequence	Synthetic peptide located within the following region: FNQWGLQPRS LLLQAARGYV VRKPAQSRLD DDPPPSTLLK DYQNVPGIEK
Clonality	Polyclonal
Host	Rabbit
Species Reactivity	Human
Form/Format	Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.
Purity/Purification	Affinity Purified
Preparation and Storage	For short term use, store at 2-8 degree C up to 1 week. For long term storage, store at -20 degree C in small aliquots to prevent freeze-thaw cycles.
Antibody/Peptide Pairs	MRPS15 peptide (MBS3229733) is used for blocking the activity of MRPS15 antibody (MBS3204768)
Molecular Weight	30kDa
OMIM	611979
3D Structure	ModBase 3D Structure for P82914
Homology	Human: 100%
Immunogen	The immunogen is a synthetic peptide directed towards the N terminal region of human MRPS15
Product Categories/Family for anti-MRPS15 antibody	Polyclonal; Transcription Factor; Signal Proteins
Applications Tested/Suitable for anti-MRPS15 antibody	Western Blot (WB), Immunohistochemistry (IHC)
Related Product Information for anti-MRPS15 antibody	This is a rabbit polyclonal antibody against MRPS15. It was validated on Western Blot using a cell lysate as a positive control. Target Description: Mammalian mitochondrial ribosomal proteins help in protein synthesis within the mitochondrion. Mitochondrial ribosomes (mitoribosomes) consist of a small 28S subunit and a large 39S subunit. MRPS15 is a 28S subunit protein that belongs to the ribosomal pr
Other Notes	Small volumes of anti-MRPS15 antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for MRPS15 purchase	MBS3204768 is an antibody targeting MRPS15. Also known as MRPS15 antibody - N-terminal region. Reactive in Human. Host: Rabbit.

Immunohistochemistry (IHC) of anti-MRPS15 antibody
Rabbit Anti-MRPS15 AntibodyFormalin Fixed Paraffin Embedded Tissue: Human Adult heartObserved Staining: Nuclear, CytoplasmicPrimary Antibody Concentration: 1:600Secondary Antibody: Donkey anti-Rabbit-Cy2/3Secondary Antibody Concentration: 1:200Magnification: 20XExposure Time: 0.5 - 2.0 secProtocol located in Reviews and Data.

Western Blot (WB) of anti-MRPS15 antibody
WB Suggested Anti-MRPS15 Antibody Titration: 0.2-1 ug/mlELISA Titer: 1:312500Positive Control: Human Thymus

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for MRPS15. It may not necessarily be applicable to this product.

NCBI GI #	16554611
NCBI GeneID	64960
NCBI Accession #	NP_112570
UniProt Primary Accession #	P82914
UniProt Related Accession #	P82914
GenBank Nucleotide #	NM_031280
NCBI Official Full Name	28S ribosomal protein S15, mitochondrial
NCBI Official Synonym Full Names	mitochondrial ribosomal protein S15
NCBI Official Symbol	MRPS15
NCBI Official Synonym Symbols	DC37; S15mt; RPMS15; MPR-S15
UniProt Protein Name	28S ribosomal protein S15, mitochondrial
Protein Family	28S ribosomal protein
UniProt Gene Name	MRPS15
UniProt Synonym Gene Names	RPMS15; DC37; MRP-S15; S15mt
UniProt Entry Name	RT15_HUMAN
NCBI Protein Information	28S ribosomal protein S15, mitochondrial
NCBI Summary for MRPS15	Mammalian mitochondrial ribosomal proteins are encoded by nuclear genes and help in protein synthesis within the mitochondrion. Mitochondrial ribosomes (mitoribosomes) consist of a small 28S subunit and a large 39S subunit. They have an estimated 75% protein to rRNA composition compared to prokaryotic ribosomes, where this ratio is reversed. Another difference between mammalian mitoribosomes and prokaryotic ribosomes is that the latter contain a 5S rRNA. Among different species, the proteins comprising the mitoribosome differ greatly in sequence, and sometimes in biochemical properties, which prevents easy recognition by sequence homology. This gene encodes a 28S subunit protein that belongs to the ribosomal protein S15P family. The encoded protein is more than two times the size of its E. coli counterpart, with the 12S rRNA binding sites conserved. Between human and mouse, the encoded protein is the least conserved among small subunit ribosomal proteins. Pseudogenes corresponding to this gene are found on chromosomes 15q and 19q. [provided by RefSeq, Jul 2008]

Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
