ASMT Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	ASMT, Polyclonal Antibody
Full Product Name	ASMT Antibody - N-terminal region
Product Gene Name	anti-ASMT antibody
Product Synonym Gene Name	ASMTY; HIOMT; HIOMTY
Immunogen Sequence	Synthetic peptide located within the following region: GSSEDQAYRL LNDYANGFMV SQVLFAACEL GVFDLLAEAP GPLDVAAVAA
Clonality	Polyclonal
Host	Rabbit
Species Reactivity	Human
Form/Format	Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.
Purity/Purification	Affinity Purified
Preparation and Storage	For short term use, store at 2-8 degree C up to 1 week. For long term storage, store at -20 degree C in small aliquots to prevent freeze-thaw cycles.
Antibody/Peptide Pairs	ASMT peptide (MBS3230246) is used for blocking the activity of ASMT antibody (MBS3205281)
Molecular Weight	32kDa
OMIM	300015
3D Structure	ModBase 3D Structure for P46597
Homology	Human: 100%
Immunogen	The immunogen is a synthetic peptide directed towards the N-terminal region of Human ASMT
Product Categories/Family for anti-ASMT antibody	Polyclonal; RNA Binding Proteins
Applications Tested/Suitable for anti-ASMT antibody	Western Blot (WB)
Related Product Information for anti-ASMT antibody	This is a rabbit polyclonal antibody against ASMT. It was validated on Western Blot Target Description: This gene belongs to the methyltransferase superfamily, and is located in the pseudoautosomal region (PAR) at the end of the short arms of the X and Y chromosomes. The encoded enzyme catalyzes the final reaction in the synthesis of melatonin, and is abundant in the pineal gland. Alternatively spliced transcript variants have been noted for this gene.
Other Notes	Small volumes of anti-ASMT antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for ASMT purchase	MBS3205281 is an antibody targeting ASMT. Also known as ASMT Antibody - N-terminal region. Reactive in Human. Host: Rabbit.

Western Blot (WB) of anti-ASMT antibody
Host: RabbitTarget Name: ASMTSample Tissue: Human Fetal KidneyAntibody Dilution: 1ug/ml

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for ASMT. It may not necessarily be applicable to this product.

NCBI GI #	283549144
NCBI GeneID	438
NCBI Accession #	NP_004034
UniProt Primary Accession #	P46597
UniProt Related Accession #	P46597
GenBank Nucleotide #	NM_004043
NCBI Official Full Name	acetylserotonin O-methyltransferase isoform 1
NCBI Official Synonym Full Names	acetylserotonin O-methyltransferase
NCBI Official Symbol	ASMT
NCBI Official Synonym Symbols	ASMTY; HIOMT; HIOMTY
UniProt Protein Name	Acetylserotonin O-methyltransferase
UniProt Synonym Protein Names	Hydroxyindole O-methyltransferase; HIOMT
Protein Family	Acetylserotonin O-methyltransferase
UniProt Gene Name	ASMT
UniProt Synonym Gene Names	HIOMT
UniProt Entry Name	ASMT_HUMAN
NCBI Protein Information	acetylserotonin O-methyltransferase
NCBI Summary for ASMT	This gene belongs to the methyltransferase superfamily, and is located in the pseudoautosomal region (PAR) at the end of the short arms of the X and Y chromosomes. The encoded enzyme catalyzes the final reaction in the synthesis of melatonin, and is abundant in the pineal gland. Alternatively spliced transcript variants have been noted for this gene. [provided by RefSeq, Jan 2010]

UniProt Comments for ASMT	ASMT: Produces melatonin (N-acetyl-5-methoxytryptamine) from N-acetylserotonin. Belongs to the methyltransferase superfamily. 3 isoforms of the human protein are produced by alternative splicing. Protein type: Methyltransferase; EC 2.1.1.4; Amino Acid Metabolism - tryptophan Chromosomal Location of Human Ortholog: Xp22.3 or Yp11.3 Cellular Component: cytosol Molecular Function: identical protein binding; protein homodimerization activity; O-methyltransferase activity; acetylserotonin O-methyltransferase activity Biological Process: methylation; melatonin biosynthetic process; translation; indolalkylamine biosynthetic process
Research Articles on ASMT	**1.** Low HIOMT expression is associated with lung cancer.
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
