Serratia Marcescens Antibody – Mouse Monoclonal

PRODUCT OVERVIEW

Product Name	Serratia marcescens, Monoclonal Antibody
Full Product Name	Mouse Anti-Serratia marcescens [B/N4N]
Clonality	Monoclonal
Isotype	IgG1
Clone Number	B/N4N
Host	Mouse
Form/Format	Purified antibody containing PBS +10mM sodium azide
Purity/Purification	Protein A affinity chromatography
Concentration	2mg/ml (lot specific)
Specificity	The antibody is specific for S, marcescens (13880)
Preparation and Storage	Store at +4°C for one month. or in small aliquots at -20°C for longer periods. Storage in frost-free freezers is not recommended Avoid repeated freezing and thawing as this may denature the antibody.
Immunogen	Native Serratia marcescens (13880)
Myeloma/Fusion Partners	NS0
Applications Tested/Suitable for anti-Serratia marcescens antibody	ELISA (EIA), Immunofluorescence (IF) (indirect)
Application Notes for anti-Serratia marcescens antibody	Optimal antibody dilution should be determined by user laboratory since it may be dependent on the detection system used in both ELISA and IF
Related Product Information for anti-Serratia marcescens antibody	MBS375246 is an antibody targeting Serratia marcescens. Also known as Mouse Anti-Serratia marcescens [B/N4N]. Host: Mouse.
Other Notes	Small volumes of anti-Serratia marcescens antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
