WDR48 Human Recombinant Protein

PRODUCT OVERVIEW

Product Name	WDR48, Recombinant Protein
Full Product Name	Recombinant Human WDR48 Protein (GST Tag)
Product Gene Name	WDR48 recombinant protein
Product Synonym Names	WDR48 Protein; Bun62 Protein, Human; KIAA1449 Protein, Human; P80 Protein, Human; SPG60 Protein, Human; UAF1 Protein, Human
Host	Baculovirus-Insect Cells
Form/Format	Supplied as sterile 50 mM Tris-HCl, pH7.5, 50-300mM NaCl, 10mM glutathione, 0.1mM EDTA, 0.25-1.0mM DTT, 0-0.1mM PMSF, 10-25% glycerol
Preparation and Storage	Store product at -70 degree C. For optimal storage, aliquot target into smaller quantities after centrifugation and store at recommended temperature. For most favorable performance, avoid repeated handling and multiple freeze/thaw cycles.
Molecular Weight	Observed MW ~95kDa Calculated MW ~93kDa
Species	Human
Tag	GST
Protein Construction	Recombinant human WDR48 (2-580) was expressed by baculovirus in Sf9 insect cells using an N-terminal GST tag.
Dry Ice Shipment	Extra charge fee may add to your shipping cost as dry ice is required to ship this product.
Product Categories/Family for WDR48 recombinant protein	Regulatory Proteins
Related Product Information for WDR48 recombinant protein	MBS518068 is a recombinant protein targeting WDR48. Also known as Recombinant Human WDR48 Protein (GST Tag). Host: Baculovirus-Insect Cells.
Other Notes	Small volumes of WDR48 recombinant protein vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for WDR48. It may not necessarily be applicable to this product.

Protein Family	WD repeat-containing protein
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.

Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
