OMG Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	OMG, Polyclonal Antibody
Full Product Name	OMG Antibody
Product Gene Name	anti-OMG antibody
Product Synonym Names	Affinity Purified Rabbit Polyclonal OMG Antibody; Polyclonal OMG antibody; Anti-OMG antibody; oligodendrocyte myelin glycoprotein antibody; OMG antibody; oligodendrocyte-myelin glycoprotein antibody; OMGP antibody
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Form/Format	Supplied as a concentrated soloution containing 1X PBS, 10% Glycerol (pH 7.0). 0.01% Thimerosal was added as a preservative.
Purity/Purification	Antigen-Affinity Chromatography
Concentration	1 mg/ml (lot specific)
Preparation and Storage	Store at 4 degree C for short term storage. Aliquot and store at -20 degree C for long term storage. Avoid repeated freeze/thaw cycles.
Molecular Weight	50 kDa
Immunogen	OMG antibody was raised in rabbit using a synthetic peptide corresponding to a region within amino acids 249 and 341 of OMG
Cross-Reactivity	Human
Product Categories/Family for anti-OMG antibody	Cell Biology
Applications Tested/Suitable for anti-OMG antibody	Western Blot (WB)
Related Product Information for anti-OMG antibody	Cell adhesion molecule contributing to the interactive process required for myelination in the central nervous system.
Other Notes	Small volumes of anti-OMG antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for OMG purchase	MBS5312075 is an antibody targeting OMG. Also known as OMG Antibody. Host: Rabbit.

Western Blot (WB) of anti-OMG antibody
Western blot analysis of 30 ug of whole cell lysate (A: IMR32) using OMG antibody at a dilution of 1:1000

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for OMG. It may not necessarily be applicable to this product.

NCBI GI #	823669278
NCBI Official Full Name	OMG, partial
Protein Family	Oligodendrocyte-myelin glycoprotein
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
