cMet Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	cMet, Polyclonal Antibody
Full Product Name	cMet Antibody
Product Gene Name	anti-cMet antibody
Product Synonym Names	Purified Polyclonal cMet Antibody; Polyclonal cMet antibody; Anti-cMet antibody; Hepatocyte growth factor receptor antibody; HGF receptor antibody; HGF/SF receptor antibody; Proto-oncogene c-Met antibody; Scatter factor receptor antibody; SF receptor antibody; Tyrosine-protein kinase Met antibody
Clonality	Polyclonal
Host	Rabbit
Form/Format	Supplied in liquid form in 0.42% Potassium Phosphate, 0.87% Sodium Chloride, pH 7.3 with 30% Glycerol and 0.01% Sodium Azide
Purity/Purification	Immunogen Affinity Chromatography
Specificity	Recognizes endogenous levels of c-Met protein
Preparation and Storage	Store at 4 degree C for short term storage. For long term, aliquot and store at -20 degree C. Avoid repeat freeze/thaw cycles.
Immunogen	cMet antibody was raised in Rabbit using a KLH-conjugated synthetic peptide encompassing a sequence within the C-term region of human c-Met (pY1234) as the immunogen
Cross-Reactivity	Mouse, Rat, Dog, Rabbit
Product Categories/Family for anti-cMet antibody	Proteases; Inhibitors; & Enzymes
Applications Tested/Suitable for anti-cMet antibody	Western Blot (WB), Immunoprecipitation (IP)
Application Notes for anti-cMet antibody	WB: 1:500-1:1000 IP: 1:10-1:100
Related Product Information for anti-cMet antibody	cMet possesses tyrosine kinase activity. The primary single chain precursor protein is post-translationally cleaved to produce the alpha and beta subunits, which are disulfide linked to form the mature receptor.
Other Notes	Small volumes of anti-cMet antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for cMet purchase	MBS5316204 is an antibody targeting cMet. Also known as cMet Antibody. Host: Rabbit.

Western Blot (WB) of anti-cMet antibody
Western blot analysis of c-Met (pY1234) expression in A431 (A); HepG2 (B) whole cell lysates.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
