GLP1R Antibody – Chicken Polyclonal

PRODUCT OVERVIEW

Product Name	GLP1R, Polyclonal Antibody
Full Product Name	GLP1R Antibody
Product Gene Name	anti-GLP1R antibody
Clonality	Polyclonal
Host	Chicken
Species Reactivity	GLP1R
Form/Format	Purified IgY supplied in Phosphate buffered saline (PBS) containing 0.01% Thiomersal and 1% trehalose
Purity/Purification	Purified by affinity chromatography on Thiopropyl Sepharose from crude antiserum
Immunogen	A synthetic peptide derived from the internal framework of glucagon-like 1 receptor
Product Categories/Family for anti-GLP1R antibody	Antibodies; Polyclonal Antibodies
Applications Tested/Suitable for anti-GLP1R antibody	ELISA (EIA), Western) Blot (WB)
Related Product Information for anti-GLP1R antibody	The GLP1R Antibody is a powerful tool in the field of life sciences. It belongs to the class of anti-neoplastic agents and has been extensively used in research studies. This antibody specifically targets the glucagon-like peptide 1 receptor (GLP1R) and plays a crucial role in various cellular processes. One of the key characteristics of this antibody is its ability to neutralize interferon, which is essential for regulating immune responses. Additionally, it has been shown to inhibit fatty acid synthesis and promote collagen production, making it a valuable asset in tissue engineering and regenerative medicine. The GLP1R Antibody comes in both polyclonal and monoclonal forms, offering researchers flexibility in their experimental designs. Its high affinity for GLP1R ensures accurate detection and precise targeting, allowing for detailed investigations into its endocytic uptake mechanisms. Furthermore, this antibody exhibits low cross-reactivity with other proteins, ensuring specific binding to GLP1R.
Other Notes	Small volumes of anti-GLP1R antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for GLP1R purchase	MBS5317346 is an antibody targeting GLP1R. Also known as GLP1R Antibody. Reactive in GLP1R. Host: Chicken.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for GLP1R. It may not necessarily be applicable to this product.

Protein Family	Glucagon-like peptide 1 receptor
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.

Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
