VSV-G Antibody – Goat Polyclonal

PRODUCT OVERVIEW

Product Name	VSV-G, Polyclonal Antibody
Full Product Name	VSV-G antibody
Product Gene Name	anti-VSV-G antibody
Product Synonym Names	Polyclonal VSV-G; Anti-VSV-G; Vescular Stomatitis Virus glycoprotein G; VSVG
Clonality	Polyclonal
Isotype	IgG
Host	Goat
Species Reactivity	VSV
Form/Format	Supplied as a liquid in PBS, pH 7.2 with 0.1% NaN3.
Purity/Purification	VSV-G antibody was purified by affinity chromatography.
Concentration	1.0 mg/ml (lot specific)
Specificity	VSV
Preparation and Storage	Store at 4 degree C.
Biohazard Information	This product contains sodium azide as preservative. Although the amount of sodium azide is very small appropriate care must be taken when handling this product.
Immunogen	VSV-G antibody was raised in goat using VSV-G (YTDIEMNRLGK) conjugated to KLH as the immunogen.
Product Categories/Family for anti-VSV-G antibody	Infectious Disease
Applications Tested/Suitable for anti-VSV-G antibody	ELISA (EIA), Immunocytochemistry (ICC), Western Blot (WB)
Application Notes for anti-VSV-G antibody	ELISA: coating:1:100-1:500 primary:1:1,000-1:30,000 ICC: 1:100-1:400 WB: colorimetric: 1:1,000-1:10,000 chemiluminescent: 1:1,000-1:30,000
Related Product Information for anti-VSV-G antibody	MBS534444 is an antibody targeting VSV-G. Also known as VSV-G antibody. Reactive in VSV. Host: Goat. Goat polyclonal VSV-G antibody
Other Notes	Small volumes of anti-VSV-G antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for VSV-G. It may not necessarily be applicable to this product.

NCBI GI #	15072764
NCBI Accession #	CAC47944.1
NCBI Official Full Name	VSV-G protein

Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
