P26 Recombinant Protein

PRODUCT OVERVIEW

Product Name	P26, Recombinant Protein
Full Product Name	H. pylori outer membrane protein P26
Product Gene Name	P26 recombinant protein
Host	E Coli
Form/Format	PBS with 50mM arginine
Purity/Purification	Purified by affinity chromatography, >90% pure (10% PAGE, Coomassie stain)
Concentration	0.96 mg/ml (02AA) (lot specific)
Preparation and Storage	Upon receipt, store at -20 degree C. Avoid multiple freeze/thaw cycles.
Preservative	None
Note	Centrifuge before opening to ensure complete recovery of vial contents
Product Categories/Family for P26 recombinant protein	Helicobacter pylori
Application Notes for P26 recombinant protein	Specific methodologies have not been tested using this product.
Related Product Information for P26 recombinant protein	Helicobacter pylori, a Gram-negative, causes a chronic inflammation of the mucoid lining of stomach and is strongly associated with the development of duodenal and gastric ulcers an stomach cancer. OMP26 is an outer membrane protein of Helicobacter pylori, recombinant OMP has been used in lateral flow assay for test purpose.
Other Notes	Small volumes of P26 recombinant protein vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for P26 purchase	MBS596144 is a recombinant protein targeting P26. Also known as H. pylori outer membrane protein P26. Host: E Coli.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for P26. It may not necessarily be applicable to this product.

Protein Family	Protein
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.

Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
