SRSF9 Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	SRSF9, Polyclonal Antibody
Full Product Name	SRSF9 (Serine/Arginine-rich Splicing Factor 9, Pre-mRNA-splicing Factor SRp30C, Splicing Factor, Arginine/Serine-rich 9, SFRS9, SRP30C) (FITC)
Product Synonym Names	Anti -SRSF9 (Serine/Arginine-rich Splicing Factor 9, Pre-mRNA-splicing Factor SRp30C, Splicing Factor, Arginine/Serine-rich 9, SFRS9, SRP30C) (FITC)
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Species Reactivity	Human
Form/Format	Supplied as a liquid in PBS. Labeled with fluorescein isothiocyanate (FITC).
Purity/Purification	Purified Purified by ammonium sulfate precipitation.
Specificity	Recognizes human SRSF9.
Preparation and Storage	May be stored at 4 degree C for short-term only. For long-term storage and to avoid repeated freezing and thawing, aliquot and store at -20 degree C. Aliquots are stable for 12 months at -20 degree C. For maximum recovery of product, centrifuge the original vial after thawing and prior to removing the cap. Further dilutions can be made in assay buffer. FITC conjugates are sensitive to light.
Immunogen	Recombinant corresponding to human Serine/arginine-rich splicing factor 9.
Product Categories/Family for anti-SRSF9 antibody	Antibodies; Abs to Splicing Factors
Applications Tested/Suitable for anti-SRSF9 antibody	ELISA (EL/EIA), Western Blot (WB)
Application Notes for anti-SRSF9 antibody	Suitable for use in ELISA and Western Blot.
Related Product Information for anti-SRSF9 antibody	Plays a role in constitutive splicing and can modulate the selection of alternative splice sites.
Other Notes	Small volumes of anti-SRSF9 antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for SRSF9 purchase	MBS6010461 is an antibody targeting SRSF9. Also known as SRSF9 (Serine/Arginine-rich Splicing Factor 9, Pre-mRNA-splicing Factor SRp30C, Splicing Factor, Arginine/Serine-rich 9, SFRS9, SRP30C) (FITC). Reactive in Human. Host: Rabbit.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for SRSF9. It may not necessarily be applicable to this product.

Protein Family	Serine/arginine-rich splicing factor

Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
