Ap-2 Alpha Antibody – Mouse Monoclonal

PRODUCT OVERVIEW

Product Name	AP-2 alpha, Monoclonal Antibody
Full Product Name	AP-2 alpha (HRP)
Clonality	Monoclonal
Isotype	IgG1,k
Clone Number	6A7
Host	Mouse
Species Reactivity	Human
Form/Format	Supplied as a liquid in PBS, pH 7.2. No preservatives added. Labeled with horseradish peroxidase (HRP).
Purity/Purification	Purified by Protein A Chromatography.
Specificity	Specific for the AP-2 alpha protein and does not react with AP2 beta or gamma. On Western blots, it identifies the target band at ~52kD. Based on amino acid sequence homology, reactivity with mouse and rat is expected. Reactivity has been confirmed with human HeLa cell lysates by Western blotting and with paraffin-embedded breast tumor and tumor-associated normal tissue by immunohistochemistry.
Preparation and Storage	Store at -20 degree C.
Immunogen	Recombinant human AP-2 alpha protein
Conjugate	HRP
Product Categories/Family for anti-AP-2 alpha antibody	Antibodies; Transcription Factors
Applications Tested/Suitable for anti-AP-2 alpha antibody	ELISA (EIA), Immunohistochemistry (IHC), Western Blot (WB)
Related Product Information for anti-AP-2 alpha antibody	MBS6258783 is an antibody targeting AP-2 alpha. Also known as AP-2 alpha (HRP). Reactive in Human. Host: Mouse.
Other Notes	Small volumes of anti-AP-2 alpha antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for AP-2 alpha. It may not necessarily be applicable to this product.

Protein Family	Arabinoxylan arabinofuranohydrolase
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.

Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
