MTMRF Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	MTMRF, Polyclonal Antibody
Full Product Name	MTMRF, NT (FAN1, KIAA1018, MTMR15, Fanconi-associated nuclease 1, FANCD2/FANCI-associated nuclease 1, Myotubularin-related protein 15) (MaxLight 405)
Product Gene Name	anti-MTMRF antibody
Product Synonym Gene Name	FAN1
Product Synonym Names	FAN1; KIAA1018; MTMR15; Fanconi-associated nuclease 1; FANCD2/FANCI-associated nuclease 1; Myotubularin-related protein 15
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Species Reactivity	Human
Form/Format	Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight405.
Purity/Purification	Purified by Protein A Affinity Chromatography.
Preparation and Storage	Store product at 4 degree C in the dark. DO NOT FREEZE! Stable at 4 degree C for 12 months after receipt as an undiluted liquid. Dilute required amount only prior to immediate use. Further dilutions can be made in assay buffer. Caution: MaxLight405 conjugates are sensitive to light. For maximum recovery of product, centrifuge the original vial prior to removing the cap.
Molecular Weight	114,225 Da
OMIM	gene 614817
3D Structure	ModBase 3D Structure for Q9Y2M0
Immunogen	MTMRF antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 155-185 amino acids from the N-terminal region of human MTMRF.
Conjugate	MaxLight405
Note	Preservative Free
Product Categories/Family for anti-MTMRF antibody	Antibodies; Fanconi Proteins
Applications Tested/Suitable for anti-MTMRF antibody	Flow Cytometry (FC/FACS), FLISA, Western Blot (WB)
Application Notes for anti-MTMRF antibody	FC/FACS: 1:10-50 FLISA: 1:1,000 WB: 1:100-500 Applications are based on unconjugated antibody.
Related Product Information for anti-MTMRF antibody	MTMRF encodes a member of the myotubularin-related class 1 cysteine-based protein tyrosine phosphatases. The encoded protein may be catalytically inactive.
Product References and Citations for anti-MTMRF antibody	Kimura, K., et al. Genome Res. 16(1):55-65(2006). Suzuki, Y., et al. Genome Res. 14(9):1711-1718(2004). Alonso, A., et al. Cell 117(6):699-711(2004).

Other Notes	Small volumes of anti-MTMRF antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for MTMRF purchase	MBS6322840 is an antibody targeting MTMRF. Also known as MTMRF, NT (FAN1, KIAA1018, MTMR15, Fanconi-associated nuclease 1, FANCD2/FANCI-associated nuclease 1, Myotubularin-related protein 15) (MaxLight 405). Reactive in Human. Host: Rabbit.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for MTMRF. It may not necessarily be applicable to this product.

NCBI GI #	226246525
NCBI GeneID	22909
NCBI Accession #	NP_001139566.1
UniProt Primary Accession #	Q9Y2M0
UniProt Secondary Accession #	Q86WU8; A8K4M2
UniProt Related Accession #	Q9Y2M0
GenBank Nucleotide #	NM_001146094.1
NCBI Official Full Name	fanconi-associated nuclease 1 isoform b
NCBI Official Synonym Full Names	FANCD2/FANCI-associated nuclease 1
NCBI Official Symbol	FAN1
NCBI Official Synonym Symbols	KMIN; MTMR15; KIAA1018
UniProt Protein Name	Fanconi-associated nuclease 1
UniProt Synonym Protein Names	FANCD2/FANCI-associated nuclease 1; Myotubularin-related protein 15
UniProt Gene Name	FAN1
UniProt Synonym Gene Names	KIAA1018; MTMR15
UniProt Entry Name	FAN1_HUMAN
NCBI Protein Information	fanconi-associated nuclease 1; myotubularin-related protein 15; fanconi anemia associated nuclease 1; coiled-coil domain-containing protein MTMR15
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
