PRL Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	PRL, Polyclonal Antibody
Full Product Name	PRL, Phosphorylated (S207) (PRL, Prolactin) (APC)
Product Gene Name	anti-PRL antibody
Product Synonym Names	PRL; Prolactin
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Species Reactivity	Human
Form/Format	Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Allophycocyanin (APC).
Purity/Purification	Purified by Protein A Affinity Chromatography.
Preparation and Storage	Store product at 4 degree C in the dark. DO NOT FREEZE! Stable at 4 degree C for 12 months after receipt as an undiluted liquid. Dilute required amount only prior to immediate use. Further dilutions can be made in assay buffer. Caution: APC conjugates are sensitive to light. For maximum recovery of product, centrifuge the original vial prior to removing the cap.
Molecular Weight	23 kDa (200 aa), confirmed by MALDI-TOF.
OMIM	176760
3D Structure	ModBase 3D Structure for P01236
Immunogen	Phospho-PRL-S207 antibody is generated from rabbits immunized with a KLH conjugated synthetic phosphopeptide between 194~223 amino acids surrounding S207 of human PRL.
Conjugate	APC
Antigen Modification	Phosphorylated
Note	Preservative Free
Special Handling	Light sensitive
Product Categories/Family for anti-PRL antibody	Antibodies; Hormones; Steroids
Applications Tested/Suitable for anti-PRL antibody	FLISA, Dot Blot (DB)
Application Notes for anti-PRL antibody	FLISA: 1:1,000 Applications are based on unconjugated antibody.
Related Product Information for anti-PRL antibody	MBS6337458 is an antibody targeting PRL. Also known as PRL, Phosphorylated (S207) (PRL, Prolactin) (APC). Reactive in Human. Host: Rabbit. PRL prolactin acts primarily on the mammary gland by promoting lactation.
Product References and Citations for anti-PRL antibody	Fojtikova, M., et.al., Rheumatol. Int. (2010). In press Pujianto, D.A., et.al., Endocrinology 151 (3), 1269-1279 (2010).
Other Notes	Small volumes of anti-PRL antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

Dot Blot (DB) of anti-PRL antibody
Dot blot analysis of PRL Antibody (S207) Pab on nitrocellulose membrane. 50ng of Phospho-peptide or Non Phospho-peptide per dot were adsorbed. Antibody working concentrations are 0.5ug per ml.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for PRL. It may not necessarily be applicable to this product.

NCBI GI #	4506105
NCBI GeneID	5617
NCBI Accession #	NP_000939
UniProt Primary Accession #	P01236
UniProt Secondary Accession #	Q15199; Q92996
UniProt Related Accession #	P01236
GenBank Nucleotide #	NM_000948.5
NCBI Official Full Name	prolactin
NCBI Official Synonym Full Names	prolactin
NCBI Official Symbol	PRL
NCBI Official Synonym Symbols	GHA1
UniProt Protein Name	Prolactin
Protein Family	Prolactin
UniProt Gene Name	PRL
UniProt Synonym Gene Names	PRL
UniProt Entry Name	PRL_HUMAN
NCBI Protein Information	prolactin
NCBI Summary for PRL	This gene encodes the anterior pituitary hormone prolactin. This secreted hormone is a growth regulator for many tissues, including cells of the immune system. It may also play a role in cell survival by suppressing apoptosis, and it is essential for lactation. Alternative splicing results in multiple transcript variants that encode the same protein. [provided by RefSeq, Aug 2011]

UniProt Comments for PRL	prolactin: Prolactin acts primarily on the mammary gland by promoting lactation. Belongs to the somatotropin/prolactin family. Protein type: Secreted; Cytokine; Secreted, signal peptide; Motility/polarity/chemotaxis Chromosomal Location of Human Ortholog: 6p22.3 Cellular Component: extracellular region Molecular Function: protein binding; prolactin receptor binding; hormone activity Biological Process: lactation; cell proliferation; cell surface receptor linked signal transduction; regulation of multicellular organism growth; positive regulation of JAK-STAT cascade; female pregnancy
Research Articles on PRL	**1.** GABA alpha2 and/or alpha3 receptor subtypes are involved in GABAergic modulation of prolactin secretion.
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
