SPRR2A Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	SPRR2A, Polyclonal Antibody
Full Product Name	SPRR2A, CT (SPRR2A, Small proline-rich protein 2A, 2-1) (PE)
Product Gene Name	anti-SPRR2A antibody
Product Synonym Names	SPRR2A; Small proline-rich protein 2A; 2-1
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Species Reactivity	Human
Form/Format	Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with R-Phycoerythrin (PE).
Purity/Purification	Purified by Protein A and Peptide Affinity Chromatography.
Specificity	Recognizes human SPRR2A.
Preparation and Storage	Store product at 4 degree C in the dark. DO NOT FREEZE! Stable at 4 degree C for 12 months after receipt as an undiluted liquid. Dilute required amount only prior to immediate use. Further dilutions can be made in assay buffer. Caution: PE conjugates are sensitive to light. For maximum recovery of product, centrifuge the original vial prior to removing the cap.
Molecular Weight	7,965 Da
3D Structure	ModBase 3D Structure for P35326
Immunogen	KLH-conjugated synthetic peptide mapping to a fragment of residues within amino acids 48-72 in the C-terminal region of human SPRR2A, UniProt Accession #P35326.
Conjugate	PE
Note	Preservative Free
Special Handling	Light sensitive
Product Categories/Family for anti-SPRR2A antibody	Antibodies; Proline-rich Proteins
Applications Tested/Suitable for anti-SPRR2A antibody	Western Blot (WB), FLISA
Application Notes for anti-SPRR2A antibody	Applications are based on unconjugated antibody.
Related Product Information for anti-SPRR2A antibody	Cross-linked envelope protein of keratinocytes. It is a keratinocyte protein that first appears in the cell cytosol, but ultimately becomes cross-linked to membrane proteins by transglutaminase. All that results in the formation of an insoluble envelope beneath the plasma membrane.
Product References and Citations for anti-SPRR2A antibody	1. Kainu, K., et al. Exp. Dermatol. 18(2):109-115 (2009). 2. Demetris, A.J., et al. J. Hepatol. 48(2):276-288 (2008). 3. Tong, L., et al. Invest. Ophthalmol. Vis. Sci. 47(5):1938-1946 (2006). 4. Hong, S.H., et al. Mol. Cells 17(3):477-484 (2004). 5. Cabral, A., et al. J. Biol. Chem. 278(20):17792-17799 (2003).
Other Notes	Small volumes of anti-SPRR2A antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

Searchable Terms for SPRR2A purchase	MBS6350860 is an antibody targeting SPRR2A. Also known as SPRR2A, CT (SPRR2A, Small proline-rich protein 2A, 2-1) (PE). Reactive in Human. Host: Rabbit.

Western Blot (WB) of anti-SPRR2A antibody
Western Blot analysis in MDA-MB231 cell line lysates (35ug/lane) usingMBS648572. This demonstrates that MBS648572 detected the SPRR2A protein (arrow).

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for SPRR2A. It may not necessarily be applicable to this product.

NCBI GI #	5174693
NCBI GeneID	6700
NCBI Accession #	NP_005979.1
UniProt Primary Accession #	P35326
UniProt Secondary Accession #	Q5T529; B2R4T3; D3DV35
UniProt Related Accession #	P35326
GenBank Nucleotide #	NM_005988.3
NCBI Official Full Name	small proline-rich protein 2A
NCBI Official Synonym Full Names	small proline rich protein 2A
NCBI Official Symbol	SPRR2A
UniProt Protein Name	Small proline-rich protein 2A
UniProt Synonym Protein Names	2-1
Protein Family	Small proline-rich protein
UniProt Gene Name	SPRR2A
UniProt Synonym Gene Names	SPR-2A
NCBI Protein Information	small proline-rich protein 2A
Research Articles on SPRR2A	**1.** Expression of SPRR1 and of SPRR2A is increased in mucosal samples from patients with chronic rhinosinusitis and appeared as a downstream result of TNF alpha modulation, which possibly resulted in epithelial barrier dysfunction.
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.

Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
