AIFM2 Antibody – Rabbit Polyclonal

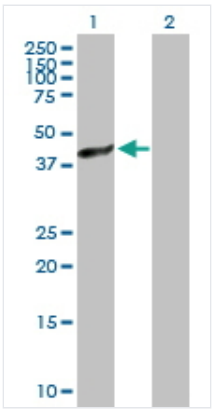

PRODUCT OVERVIEW

Product Name	AIFM2, Polyclonal Antibody
Full Product Name	AIFM2 (Apoptosis-inducing Factor 2, Apoptosis-inducing Factor Homologous Mitochondrion-associated Inducer of Death, Apoptosis-inducing Factor-lik
Product Gene Name	anti-AIFM2 antibody
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Species Reactivity	Human, Mouse
Form/Format	Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Biotin.
Purity/Purification	Purified by Protein A Affinity Chromatography.
Specificity	Recognizes human AIFM2. Species Crossreactivity: mouse.
Preparation and Storage	Store product at 4 degree C if to be used immediately within two weeks. For long-term storage, aliquot to avoid repeated freezing and thawing and stor
Molecular Weight	36,520 Da
OMIM	605159
3D Structure	ModBase 3D Structure for Q9BRQ8
Immunogen	Full length human AIFM2, aa1-373 (NP_116186.1).
Immunogen Sequence	MGSQVSVESGALHVVIVGGGFGGIAAASQLQALNVPFMLVDMKDSFHHNVAALRASVETGFAKKTFISYSVTFKDNFRQGLVVGIDLKNQMVLLQGGEAL
Conjugate	Biotin
Note	Preservative Free
Product Categories/Family for anti-AIFM2 antibody	Antibodies; Apoptosis
Applications Tested/Suitable for anti-AIFM2 antibody	Western Blot (WB)
Application Notes for anti-AIFM2 antibody	Applications are based on unconjugated antibody.
Related Product Information for anti-AIFM2 antibody	The p53 tumor suppressor protein induces cell cycle arrest or apoptosis in response to cellular stresses. PRG3 (p53-responsive gene 3), is induced sp
Other Notes	Small volumes of anti-AIFM2 antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necess

Searchable Terms for AIFM2 purchase	MBS6369167 is an antibody targeting AIFM2. Also known as AIFM2 (Apoptosis-inducing Factor 2, Apoptosis-inducing Factor Homologous Mitochondri

Western Blot (WB) of anti-AIFM2 antibody
AIFM2 rabbit polyclonal antibody. Western Blot analysis of AIFM2 expression in mouse lung.

Western Blot (WB) of anti-AIFM2 antibody
Western Blot analysis of AIFM2 expression in transfected 293T cell line by AIFM2 polyclonal antibody. Lane 1: AIFM2 transfected lysate (40.5kD). Lane 2: Non-transfected lysate.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for AIFM2. It may not necessarily be applicable to this product.

NCBI GI #	14318424
NCBI GeneID	84883
NCBI Accession #	NP_116186.1
UniProt Primary Accession #	Q9BRQ8
UniProt Secondary Accession #	Q63Z39; B3KXI0
UniProt Related Accession #	Q9BRQ8
GenBank Nucleotide #	NM_032797
NCBI Official Full Name	apoptosis-inducing factor 2
NCBI Official Synonym Full Names	apoptosis-inducing factor, mitochondrion-associated, 2
NCBI Official Symbol	AIFM2
NCBI Official Synonym Symbols	AMID; PRG3
UniProt Protein Name	Apoptosis-inducing factor 2
UniProt Synonym Protein Names	Apoptosis-inducing factor homologous mitochondrion-associated inducer of death; Apoptosis-inducing factor-like mitochondrion-associated inducer of death; p53-responsive gene 3 protein
Protein Family	Apoptosis-inducing factor
UniProt Gene Name	AIFM2
UniProt Synonym Gene Names	AMID; PRG3
UniProt Entry Name	AIFM2_HUMAN
NCBI Protein Information	apoptosis-inducing factor 2; p53-responsive gene 3 protein; apoptosis-inducing factor (AIF)-like mitochondrion-associated inducer of death; apoptosis-inducing factor (AIF)-homologous mitochondrion-associated inducer of death
NCBI Summary for AIFM2	This gene encodes a flavoprotein oxidoreductase that binds single stranded DNA and is thought to contribute to apoptosis in the presence of bacterial and viral DNA. The expression of this gene is also found to be induced by tumor suppressor protein p53 in colon cancer cells. [provided by RefSeq, Nov 2010]

UniProt Comments for AIFM2	AIFM2: Oxidoreductase, which may play a role in mediating a p53/TP53-dependent apoptosis response. Probable oxidoreductase that acts as a caspase-independent mitochondrial effector of apoptotic cell death. Binds to DNA in a sequence-independent manner. May contribute to genotoxin-induced growth arrest. Belongs to the FAD-dependent oxidoreductase family. 2 isoforms of the human protein are produced by alternative splicing. Protein type: Oxidoreductase; Mitochondrial; Apoptosis; Membrane protein, integral; EC 1.-.-.- Chromosomal Location of Human Ortholog: 10q22.1 Cellular Component: extracellular space; mitochondrial outer membrane; mitochondrion; cytoplasm; integral to membrane; lipid particle; cytosol Molecular Function: FAD binding; NADH dehydrogenase (ubiquinone) activity; DNA binding; electron-transferring-flavoprotein dehydrogenase activity Biological Process: apoptotic mitochondrial changes; positive regulation of apoptosis

Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
