Candida Albicans Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	Candida albicans, Polyclonal Antibody
Full Product Name	Candida albicans (Biotin)
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Form/Format	Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Biotin.
Purity/Purification	Purified by Immunoaffinity chromatography.
Specificity	Recognizes Candida albicans.
Preparation and Storage	Store product at 4 degree C if to be used immediately within two weeks. For long-term storage, aliquot to avoid repeated freezing and thawing and store at -20 degree C. Aliquots are stable at -20 degree C for 12 months after receipt. Dilute required amount only prior to immediate use. Further dilutions can be made in assay buffer. For maximum recovery of product, centrifuge the original vial after thawing and prior to removing the cap.
Immunogen	Candida albicans, type A.
Conjugate	Biotin
Note	Preservative Free
Product Categories/Family for anti-Candida albicans antibody	Antibodies; Infectious Disease Candida
Applications Tested/Suitable for anti-Candida albicans antibody	ELISA (EIA), Western Blot (WB), Immunohistochemistry (IHC), Lateral Flow
Application Notes for anti-Candida albicans antibody	Applications are based on unconjugated antibody.
Related Product Information for anti-Candida albicans antibody	Candida albicans is a diploid fungus (a form of yeast) and a causal agent of opportunistic oral and genital infections in humans. Systemic fungal infections (fungemias) have emerged as important causes of morbidity and mortality in immunocompromised patients (e.g., AIDS, cancer chemotherapy, organ or bone marrow transplantation). C. albicans biofilms readily form on the surface of implantable medical devices.
Other Notes	Small volumes of anti-Candida albicans antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for Candida albicans purchase	MBS6450334 is an antibody targeting Candida albicans. Also known as Candida albicans (Biotin). Host: Rabbit.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
