Adipolean Variant Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	Adipolean Variant, Polyclonal Antibody
Full Product Name	Adipolean Variant (Biotin)
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Species Reactivity	Human
Form/Format	Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Biotin.
Purity/Purification	Purified by Immunoaffinity chromatography.
Specificity	Recognizes human Adipolean Variant.
Preparation and Storage	Store product at 4 degree C if to be used immediately within two weeks. For long-term storage, aliquot to avoid repeated freezing and thawing and store at -20 degree C. Aliquots are stable at -20 degree C for 12 months after receipt. Dilute required amount only prior to immediate use. Further dilutions can be made in assay buffer. For maximum recovery of product, centrifuge the original vial after thawing and prior to removing the cap.
Immunogen	Highly pure (>98%) recombinant human Adipolean Variant
Conjugate	Biotin
Note	Preservative Free
Product Categories/Family for anti-Adipolean Variant antibody	Antibodies; Obesity Proteins
Applications Tested/Suitable for anti-Adipolean Variant antibody	Western Blot (WB), ELISA (EIA)
Application Notes for anti-Adipolean Variant antibody	WB: To detect hAdipolean Variant by Western Blot analysis this antibody can be used at a concentration of 0.1-0.2ug/ml. Used in conjunction with compatible secondary reagents the detection limit for recombinant hAdipolean Variant is 1.5-3.0ng/lane, under either reducing or non-reducing conditions. ELISA: To detect hAdipolean Variant by direct ELISA (using 100ul/well antibody solution) a concentration of at least 0.5ug/ml of this antibody is required. This antigen affinity purified antibody, in conjunction with compatible secondary reagents, allows the detection of 0.2-0.4ng/well of recombinant hAdipolean Variant. Applications are based on unconjugated antibody.
Related Product Information for anti-Adipolean Variant antibody	MBS6461699 is an antibody targeting Adipolean Variant. Also known as Adipolean Variant (Biotin). Reactive in Human. Host: Rabbit.
Other Notes	Small volumes of anti-Adipolean Variant antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
