C-10 Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	C-10, Polyclonal Antibody
Full Product Name	C-10 (MRP-1, Chemokine C-C motif ligand 6, CCL6) (MaxLight 405)
Product Gene Name	anti-C-10 antibody
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Species Reactivity	Mouse
Form/Format	Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight405.
Purity/Purification	Purified by affinity chromatography.
Specificity	Recognizes mouse C-10.
Preparation and Storage	Store product at 4 degree C in the dark. DO NOT FREEZE! Stable at 4 degree C for 12 months after receipt as an undiluted liquid. Dilute required amount only prior to immediate use. Further dilutions can be made in assay buffer. Caution: MaxLight405 conjugates are sensitive to light. For maximum recovery of product, centrifuge the original vial prior to removing the cap.
Immunogen	Highly purified, recombinant mouse C-10.
Conjugate	MaxLight405
Note	Preservative Free
Product Categories/Family for anti-C-10 antibody	Antibodies; Proteins
Applications Tested/Suitable for anti-C-10 antibody	Western Blot (WB), FLISA
Application Notes for anti-C-10 antibody	WB: 0.1-0.2ug/ml. Used in conjunction with compatible secondary reagents the detection limit for recombinant mC-10 is 1.5-3.0ng/lane, under either reducing or non-reducing conditions. FLISA (direct): >=0.5ug/ml using 100ul/well antibody solution. In conjunction with compatible secondary reagents, allows the detection of 0.2-0.4ng/well of recombinant mC-10. Applications are based on unconjugated antibody.
Related Product Information for anti-C-10 antibody	MBS6466111 is an antibody targeting C-10. Also known as C-10 (MRP-1, Chemokine C-C motif ligand 6, CCL6) (MaxLight 405). Reactive in Mouse. Host: Rabbit.
Other Notes	Small volumes of anti-C-10 antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
