WASF3 Antibody – Rabbit Polyclonal

PRODUCT OVERVIEW

Product Name	WASF3, Polyclonal Antibody
Full Product Name	WASF3 (Wiskott-Aldrich Syndrome Protein Family Member 3, WASP Family Protein Member 3, Protein WAVE-3, Verprolin Homology Domain-containing Protein 3, KIAA0900, SCAR3, WAVE3) (MaxLight 490)
Product Gene Name	anti-WASF3 antibody
Clonality	Polyclonal
Isotype	IgG
Host	Rabbit
Species Reactivity	Human
Form/Format	Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight490.
Purity/Purification	Purified
Specificity	Recognizes human WASF3.
Preparation and Storage	Store product at 4 degree C in the dark. DO NOT FREEZE! Stable at 4 degree C for 12 months after receipt as an undiluted liquid. Dilute required amount only prior to immediate use. Further dilutions can be made in assay buffer. Caution: MaxLight490 conjugates are sensitive to light. For maximum recovery of product, centrifuge the original vial prior to removing the cap.
Immunogen	WASF3 (AAH50283.1, 1-499aa) full-length human protein.
Conjugate	MaxLight490
Note	Preservative Free
Product Categories/Family for anti-WASF3 antibody	Antibodies; Disease Markers
Applications Tested/Suitable for anti-WASF3 antibody	Western Blot (WB)
Application Notes for anti-WASF3 antibody	Applications are based on unconjugated antibody.
Related Product Information for anti-WASF3 antibody	This gene encodes a member of the Wiskott-Aldrich syndrome protein family. The gene product is a protein that forms a multiprotein complex that links receptor kinases and actin. Binding to actin occurs through a C-terminal verprolin homology domain in all family members. The multiprotein complex serves to tranduce signals that involve changes in cell shape, motility or function.
Other Notes	Small volumes of anti-WASF3 antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for WASF3 purchase	MBS6505900 is an antibody targeting WASF3. Also known as WASF3 (Wiskott-Aldrich Syndrome Protein Family Member 3, WASP Family Protein Member 3, Protein WAVE-3, Verprolin Homology Domain-containing Protein 3, KIAA0900, SCAR3, WAVE3) (MaxLight 490). Reactive in Human. Host: Rabbit.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for WASF3. It may not necessarily be applicable to this product.

NCBI GI #	29792148

NCBI GeneID	10810
NCBI Accession #	AAH50283.1
UniProt Related Accession #	Q9UPY6
NCBI Official Full Name	WASF3 protein
NCBI Official Synonym Full Names	WASP family member 3
NCBI Official Symbol	WASF3
NCBI Official Synonym Symbols	SCAR3; WAVE3; Brush-1
Protein Family	Wiskott-Aldrich syndrome protein family
NCBI Protein Information	wiskott-Aldrich syndrome protein family member 3
NCBI Summary for WASF3	This gene encodes a member of the Wiskott-Aldrich syndrome protein family. The gene product is a protein that forms a multiprotein complex that links receptor kinases and actin. Binding to actin occurs through a C-terminal verprolin homology domain in all family members. The multiprotein complex serves to tranduce signals that involve changes in cell shape, motility or function. A pseudogene of this gene have been defined on chromosome 6. Alternative splicing results in multiple transcript variants [provided by RefSeq, May 2014]

Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
