Complement Fragment 3d, C3d (C3D) ELISA Kit for Guinea Pig

PRODUCT OVERVIEW

Product Name	Complement Fragment 3d, C3d, ELISA Kit
Full Product Name	Guinea pig Complement Fragment 3d, C3d ELISA Kit
Product Gene Name	C3d elisa kit
Species Reactivity	Guinea Pig
Samples	Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate
Preparation and Storage	Store all reagents at 2-8 degree C.
Sample Preparation	We suggest pre-experimenting with neat (undiluted) samples, 1:2 or 1:4 dilutions. Please avoid diluting your samples more than 1:10 as it would exceed the dilution limit set for this kit. If the expected concentration of the target is beyond the detection range of the kit, please contact our technical support team
Product Categories/Family for C3d elisa kit	Immunology
ISO Certification	Manufactured in an ISO 13485:2016 Certified Laboratory.
Related Product Information for C3d elisa kit	MBS7201310 is a ready-to-use microwell, strip plate ELISA (enzyme-linked immunosorbent assay) Kit for analyzing the presence of the Complement Fragment 3d, C3d, ELISA Kit target analytes in biological samples. The concentration gradients of the kit standards or positive controls render a theoretical kit detection range in biological research samples containing C3d. The ELISA analytical biochemical technique of the MBS7201310 kit is based on C3d antibody-C3d antigen interactions (immunosorbency) and an HRP colorimetric detection system to detect C3d antigen targets in samples. The ELISA Kit is designed to detect native, not recombinant, C3d. Appropriate sample types may include undiluted body fluids and/or tissue homogenates, secretions. Quality control assays assessing reproducibility identified the intra-assay CV (%) and inter-assay CV(%).
Other Notes	Small volumes of C3d elisa kit vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
