Survivin (BIRC5) Human Recombinant Protein

PRODUCT OVERVIEW

Product Name	Survivin (BIRC5), Recombinant Protein
Full Product Name	Human Survivin Recombinant Protein Liquid
Product Gene Name	BIRC5 recombinant protein
Host	E Coli
Form/Format	This is a Liquid protein buffered in 20mM Tris-HCl, 150mM NaCl, 1mM EDTA, 5mM Glutathione, 0.5mM GSSH and 10% Glycerol
Purity/Purification	>90%
Preparation and Storage	Store in working aliquots at -80 degree C. Avoid freeze/thaw cycles.
Species	Human
Related Product Information for BIRC5 recombinant protein	Human Survivin Recombinant Protein Liquid has been recombinantly produced in E Coli. Survivin is a member of the inhibitor of apoptosis protein (IAP) family, that has been implicated in both control of cell division and inhibition of apoptosis. This recombinant protein can be used for WB, ELISA.
Other Notes	Small volumes of BIRC5 recombinant protein vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for BIRC5 purchase	MBS8431348 is a recombinant protein targeting BIRC5. Also known as Human Survivin Recombinant Protein Liquid. Host: E Coli.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for BIRC5. It may not necessarily be applicable to this product.

Protein Family	Baculoviral IAP repeat-containing protein
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
