Monkeypox Virus A35R (A35R) Recombinant Protein

PRODUCT OVERVIEW

Product Name	Monkeypox Virus A35R, Recombinant Protein
Full Product Name	Monkeypox Virus A35R Recombinant Protein C-His Tag Lyophilized
Product Gene Name	A35R recombinant protein
Product Synonym Names	Mpox
Host	CHO cells
Form/Format	Monkeypox Virus A35R Recombinant Protein C-His Tag Lyophilized is a recombinant protein in a lyophilized format. This preparation is buffered in PBS pH 7.4
Purity/Purification	>90% as determined by SDS-PAGE
Preparation and Storage	Avoid freeze thaw cycles. Use a manual defrost freezer. This product may be stored at 2 to 8 degree C for one week. For longer periods, store at -20 to -80 degree C for up to twelve months from the date of receipt.
Species	Monkeypox virus (MPXV)
Tag	C-His
Related Product Information for A35R recombinant protein	Reconstitute in sterile water for a stock solution. A copy of the datasheet will be provided with the products; please refer to it for details. This product can be used in analytic tools such as SDS-PAGE, Western Blot, ELISA, or as an Immunogen. Note that bioactivity testing is in process.
Other Notes	Small volumes of A35R recombinant protein vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for A35R purchase	MBS8433894 is a recombinant protein targeting A35R. Also known as Monkeypox Virus A35R Recombinant Protein C-His Tag Lyophilized. Host: CHO cells.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for A35R. It may not necessarily be applicable to this product.

Protein Family	Protein
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.

Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
