EBFP Antibody – Polyclonal

PRODUCT OVERVIEW

Product Name	EBFP, Polyclonal Antibody
Full Product Name	EBFP Mouse Polyclonal Antibody
Product Gene Name	anti-EBFP antibody
Product Synonym Names	BFP; EBFP; Blue Fluorescent Protein; Enhanced Blue Fluorescent Protein
Clonality	Polyclonal
Isotype	IgG
Form/Format	PBS, pH 7.4, containing 0.02% sodium azide as Preservative and 50% Glycerol.
Specificity	The EBFP Mouse Polyclonal Antibody can detects EBFP & EBFP Tag protein.
Preparation and Storage	Store at -20 degree C. Do not aliquot the antibody.
ISO Certification	Manufactured in an ISO 9001:2015 Certified Laboratory.
Applications Tested/Suitable for anti-EBFP antibody	Western Blot (WB), Immunohistochemistry (IHC), Immunofluorescence (IF), Immunoprecipitation (IP)
Application Notes for anti-EBFP antibody	WB: 1:2,000-5,000 IHC: 1:200 IF: 1:200 IP: 1:200
Related Product Information for anti-EBFP antibody	Enhanced Blue Fluorescent Protein (EBFP) emits a strong blue fluorescence. EBFP can be used as protein "tags" to study the sub-cellular localization of proteins and/or their translocation upon stimulation or as markers for transfection in transient and stable expression systems.
Other Notes	Small volumes of anti-EBFP antibody vial(s) may occasionally become entrapped in the seal of the product vial during shipment and storage. If necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the container`s cap. Certain products may require to ship with dry ice and additional dry ice fee may apply.
Searchable Terms for EBFP purchase	MBS8500150 is an antibody targeting EBFP. Also known as EBFP Mouse Polyclonal Antibody.

Western Blot (WB) of anti-EBFP antibody
Western blot analysis of EBFP recombinant protein with MBS8500150 diluted at 1:5, 000.

ADDITIONAL DETAILS

NCBI/Uniprot data below describe general gene information for EBFP. It may not necessarily be applicable to this product.

NCBI GI #	568816476

NCBI Accession #	AHE38515.1
NCBI Official Full Name	BFP, partial
Precautions	All of MyBioSource's Products are for scientific laboratory research purposes and are not for diagnostic, therapeutics, prophylactic or in vivo use. Through your purchase, you expressly represent and warrant to MyBioSource that you will properly test and use any Products purchased from MyBioSource in accordance with industry standards. MyBioSource and its authorized distributors reserve the right to refuse to process any order where we reasonably believe that the intended use will fall outside of our acceptable guidelines.
Disclaimer	While every efforts were made to ensure the accuracy of the information provided in this datasheet, MyBioSource will not be liable for any omissions or errors contained herein. MyBioSource reserves the right to make changes to this datasheet at any time without prior notice. It is the responsibility of the customer to report product performance issues to MyBioSource within 30 days of receipt of the product. Please visit our Terms & Conditions page for more information.
Product Note	Select online data sheet information is drawn from bioinformatics databases, occasionally resulting in ambiguous or non-relevant product information. It is the responsibility of the customer to review, verify, and evaluate the information to make sure it matches their requirements before purchasing the kit. Our ELISA Kit assays are dynamic research tools and sometimes they may be updated and improved. If the format of this assay is important to you then please request the current manual or contact our technical support team with a presales inquiry before placing an order. We will confirm the current details of the assay. We cannot guarantee the sample manual posted online is the most current manual, it is intended to serve as an example only. Please refer to the instructions For Use provided with the assay kit for precise details.

For Research Use Only. Not for use in diagnostic or therapeutic procedures.
